

Sugar Output Down 15% So Far This Marketing Year

India's sugar production fell by 15% till November 15 of the current marketing year that started last month, as many mills have not yet started crushing operation this season, industry body Isma said on Monday.

Sugar Output

32.5
million
tonnes

Previous
year

31.5
million
tonnes

Forecast for
this year

1.16 MT

Sugar produced till Nov
15 of the current
marketing year

80%

Sugar contribution
from UP, Maharashtra
and Karnataka

238

Sugar mills crushing as
on November 15, 2018

349

Sugar mills crushing as
on November 15, 2017

REASON FOR FALL IN OUTPUT:

Many mills have not
started crushing
sugarcane
